

1. Download the "eduroam-renyi.mobileconfig" file from the following location: <u>https://eduroam-guide.renyi.hu/</u>

2. Double click on the downloaded file. The message in the top right corner of your screen indicates that the profile is ready for installation.

3. Open "System Preferences", and choose "Profiles".

4. Choose the "eduroam-renyi" profile, and click "Install".

eduroam-renyi 2 settings	eduroam-renyi Alfred Renyi Institute of Mathematics Unverified
