

## INFORMATION FOR AUTHORS

Our journal publishes original research papers in mathematics. A submission is preferred if it has a connection to a research area of a member of our editorial board. Serious deficiency of such a connection may be a reason for rejection.

Authors are encouraged to submit their papers electronically at <http://sscmath.edmgr.com>. In truly exceptional cases we accept submissions sent by e-mail to [smh.studia@renyi.mta.hu](mailto:smh.studia@renyi.mta.hu). All common dialects of T<sub>E</sub>X as well as dvi, ps or pdf files are welcome. Figures should be submitted electronically, preferably as encapsulated PostScript (EPS) files.

Only original papers will be published and a copy of the Copyright Transfer Statement will be sent to the authors of papers accepted for publication. Accepted manuscripts will be further processed only upon receipt of the signed copy of the statement.

The Author is entitled to self-archive the preprint version of his/her manuscript. The preprint version is the Author's manuscript or the galley proof or the Author's manuscript along with the corrections made in the course of the peer review process. Self-archiving includes the free circulation of this file via e-mail or publication of this preprint on the Author's webpage or on the Author's institutional repository. When self-archiving a paper the Author should clearly declare that the archived file is not the final published version of the paper, he/she should quote the correct citation and enclose a link to the published paper ([http://dx.doi.org/\[DOI of the Article without brackets\]](http://dx.doi.org/[DOI of the Article without brackets])). No free offprints are available anymore. Offprints of the Studia Sci. Math. Hung. papers can be ordered at [journal-ad@akkrt.hu](mailto:journal-ad@akkrt.hu). See <http://www.akkrt.hu/offprint> for details and rates.

Authors can use the **OOpenArt (optional open article)** publication model for a specific publishing fee. Full-text of an OOpenArt paper is freely accessible through the official website of the journal. These papers are also published in the printed journals as well as all the traditional ones. Peer-review process and quality requirements are the same in case of both traditional and OOpenArt manuscripts. Both accepted new manuscripts and papers published earlier can be OOpenArt.

The price of an OOpenArt article is **900 EUR (1260 USD) + VAT**, where applicable, but it can be even less. Akadémiai Kiadó offers **50% discount** for corresponding authors of **a)** subscribing institutions, **b)** Hungarian institutions, **c)** institutions of low- and middle-income countries. Discounts may not be combined, all these authors should pay **450 EUR (630 USD)**. The above OOpenArt fee does not include any normal (excess) page fees and colour charges. By executing the Optional Open Article Agreement and paying the OOpenArt fee the Author retains the ownership and further rights related to the Article while ensures the wide accessibility of the Article in the written and electronic media controlled by Akadémiai Kiadó. See [www.oopenart.com](http://www.oopenart.com).
